

CIRCUIT ENGINEERING DISTRICT #1 SPECIAL BOARD MEETING MINUTES

DATE: Friday, May 4, 2007
 TIME: 10:00 am
 PLACE: Mayes County Fairgrounds, Pryor, Oklahoma

ROLL CALL

COUNTY	PRESENT	ABSENT
CRAIG	x	
CREEK	x	
DELAWARE		x
MAYES	x	
NOWATA	x	
OSAGE	x	
OTTAWA	x	
PAWNEE	x	
ROGERS	x	
TULSA	x	
WASHINGTON	x	

MINUTES

1. Meeting called to order by President (Gary Deckard).
2. Secretary (Scott Hilton) called roll: all present except Delaware
3. Motion to approve minutes by Russell Earls; seconded by Larry Ramsey. Motion carried.
4. Discussions concerning the 5-yr CIRB plan as submitted by ODOT were made by numerous commissioners. Creek County's projects were in error and were corrected. This created a \$1M shortfall in 2010. Discussions were made about matching BR funds to the program to eliminate any shortfalls. Projects were shifted between years and BR funds were added to eliminate the projected shortfall in 2010. Dana Hudgins made the statement that his 49th West Avenue bridge will be completed in 2008 and, therefore, will not need the CIRB funds currently allocated for this project. However, it will remain in the plan in case current funding is lost.

John Blickensderfer presented a spreadsheet and reviewed his suggested changes to ODOT's plan. Projects that were already engineered were changed to remove engineering cost. Projects that already had ROW/Utility complete were changed to reflect zero ROW/Utility cost.

Ray Jordan deleted the environmental and engineering costs from the Tulsa County Bird Creek project.

Motion to approve the CIRB 5-year plan by Larry Ramsey; seconded by Dana Hudgins. Motion carried. John Blickensderfer will mark up ODOT's plan and deliver it to ODOT. See attached approved plan.

5. Russell Earls made a motion for CED#1 to purchase web name (www.ced1.org) and hosting through Tulsa Connect at a cost of \$15 per year for the name and \$29.95 per month for the web hosting service. Larry Ramsey seconded. Motion carried.

6. Russell Earls made a motion for Guy Engineering Services, Inc. to update the project management scope of work and fee schedule for the next CED meeting. Duke Epperson seconded. Motion carried. The proposal should include options such as:

- Current Scope Tasks
- Construction Management
- Long- and Short-Range Master Plan
- Funds Management
- GIS

7. Mike Helm briefed the group on a two-day purchasing procedures course to be held in McAlester on May 15 and 16.

Mike Helm briefed the group on the erection of a ConSpan bridge in Rogers County the week of May 14 and invited everyone to view construction. He will fax date and map.

8. The next meeting will be Thursday, June 7, 2007, at 10:00 am at Mayes County Fairgrounds. Russell Earls made the motion; Larry Ramsey seconded. Motion carried.

9. Motion to adjourn by Larry Ramsey. Seconded by Jim Clark. Motion carried.

CIRB PROJECTS FOR CED#1 (DIV 8)

CIRB (H81176) PROJECTS
 ODOT DIV 8
 CED #1
