

CIRCUIT ENGINEERING DISTRICT #1 SPECIAL BOARD MEETING

DATE: March 25, 2010
TIME: **10:00 am**
PLACE: Ottawa County District 1
101 N Connell Ave (Picher's former City Hall building)
Picher, OK

AGENDA ITEMS

1. Call to Order by President
2. Flag salute and opening prayer
3. Roll Call by Secretary
4. Introduction of Attendees
5. Vendor Presentation (Keystone Equipment)
6. Reading of the minutes of the Special Board Meeting held on February 17, 2010, and approval or modification thereof (Attachment 6).
7. Treasurer's Report (Attachment 7).
8. Discussion and possible action on audit for period ending June 30, 2009 (Attachment 8).
9. Acknowledge receipt of incoming correspondence
10. Discussion and possible action to approve projects on the following programs:
 - a. Emergency Transportation Revolving Fund (ETR) (Attachment 10a)
 - b. Bridge Replacement (BR) (Attachment 10b)
 - c. Surface Transportation Program (STP) (Attachment 10c)
 - d. Material Request Program (MRP)
 - e. County Improvements to Roads & Bridges (CIRB) (Attachment 10e)
 - f. American Recovery and Restoration Act (ARRA)
 - g. TIGER grant
11. Update on the new CED website.
12. Updates:
 - a. ACCO Board/Events
 - b. SIG/SIF Program
 - c. OCCEDB
 - d. ACCO Legislation
Future distribution of CBRI and CIRB funds
 - e. CAB Board
 - f. ODOT Local Government
"E" & "K" bridges
 - g. Tribal Projects/Programs
13. Review of On-Call Services (Attachment 13)
14. Review calendar of events (Attachment 14)
15. Set date for the next CED meeting
16. Adjourn

LUNCH WILL BE SPONSORED BY KEYSTONE EQUIPMENT!

ACCO District meeting to follow this meeting

The right-of-way training has been cancelled for this date.

CIRCUIT ENGINEERING DISTRICT #1 SPECIAL BOARD MEETING MINUTES

DATE: February 17, 2010

TIME: 10:00 am

PLACE: Masonic Lodge
Pawnee, OK

1. Call to order by President
2. Flag salute and opening prayer
3. Roll call by Secretary

COUNTY	APPOINTED REP.	PRESENT	ABSENT
CRAIG	Roy Bible	X	
CREEK	Dana Hudgins (Johnny Burke)	X	
DELAWARE	Dave Kendrick (Billy Cornell)	X	
MAYES	Alva Martin	X	
NOWATA	Tim Kilpatrick (VP)	X	
OSAGE	Scott Hilton (Sec/Treas)	X	
OTTAWA	Russell Earls	X	
PAWNEE	Dale Vance	X	
ROGERS	Mike Helm	X	
TULSA	Ray Jordan		X
WASHINGTON	Gary Deckard (Pres)	X	

4. Introductions
5. a. Reading of the minutes of the Special Board Meeting held on January 20, 2010, and approval or modification thereof.
Tim Kilpatrick made a motion to accept the minutes; Dale Vance seconded. Motion carried.
6. Treasurer's Report
Balance prior to this meeting was \$127,105.09. \$156.05 in interest was credited on January 29. The statewide disbursement of \$21,252.83 was received on February 8. Check #10056 was written today to Guy Engineering Services for \$12,737.25 which included \$4,222.25 for on-call services. New balance is \$135,776.72.
7. Acknowledge receipt of incoming correspondence
None received.
8. Discussion and possible action to approve projects on the following programs:
 - a. Emergency Transportation Revolving Fund (ETR)
No new applications were received. Delaware, Osage and Pawnee County will be repaying their ETR loans soon. None of the three outstanding ETRs have reached the 1- year required pay back date.

- b. Bridge Replacement (BR)
Gary Deckard pointed out that 2011 BR funds will be available October 2010
 - c. Surface Transportation Program (STP)
No action taken.
 - d. Material Request Program (MRP)
It is possible the Mayes County project could be funded in July; further funding of these projects will depend upon legislative changes.
 - e. County Improvements to Roads & Bridges (CIRB)
*Counties were reminded to make sure their projects are programmed with ODOT.
Guy will add a status to the CIRB list. There was an error in attachment 8e; Nowata County has selected the engineer for their projects.
Shannon Sheffert has committed to getting an updated CIRB plan on ODOT's April agenda. He also reported that Wingfield has resigned their CIRB contracts; counties can now re-select engineers for those projects.*
 - f. American Recovery and Restoration Act (ARRA)
No action taken.
 - g. TIGER grant
No action taken.
9. Discussion and possible action on audits for periods ending June 30, 2008 and June 30, 2009.
Gary Deckard reported that Kevin Duke, a CPA in Tulsa, will review the audit for year ending June 30, 2009, and render an opinion for a fee of \$300. Dale Vance made a motion to allow Mr. Duke to prepare the opinion; Alva Martin seconded. Motion carried. Gary asked for referrals for future audits.
 10. Discussion and possible action on proposed changes to the Material Request Program.
Changes to this plan won't be made until the state decides CBRI distribution method.
 11. Update on the new CED website.
A draft should be available for the next meeting.
 12. Discussion and possible action on future distribution of CBRI and CIRB funds
The current ACCO membership's proposal to legislature is to take 1% off the top of counties' current CBRI balances and 12.5% from future CBRI contributions to fund the statewide CED board. The balance of the CBRI funds would go directly to the counties. No action taken.
 13. Explore interest in hosting a right-of-way training course
The majority of the attendees were interested in a ROW course. Guy will make the arrangements.
 14. Update on OCCEDB and ACCO events
 15. Updates from ACCO board/committee members
 16. Report on roads and/or bridges from Tribal representatives
Robert Endicott with the Cherokee Nation is going to get with ODOT ROW Division to discuss a couple items as they relate to ROW acquisition. He's trying to get the IRR inventory to us so we can put it on the website. Cherokee Nation is working on a website that will outline their ROW acquisition procedures. He would like a list of all projects that are shovel-ready. He stated that local Cherokee funds are not restricted by federal guidelines.
 17. ODOT Local Government report
 18. Review calendar of events
 19. Set date for the next CED meeting
The next CED meeting will be at 9:00 am on March 25 in Ottawa County (exact location to be determined). The ROW training will follow the CED meeting.
 20. Adjourn

Lunch was sponsored by Boxcer Equipment and The Railroad Yard (catered by Click's).

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Circuit Engineering District #1
Skiatook, Oklahoma

We have audited the accompanying financial statements of the Circuit Engineering District #1, as of and for the year ended June 30, 2009, as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Circuit Engineering District #1, as of June 30, 2009, and the results of its operations and the changes in its financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued a report dated February 18, 2010, on our consideration of the Circuit Engineering District #1's internal control over financial reporting and on compliance and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and results of that testing and not to provide an opinion on the internal control over financial reporting. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and is important for assessing the results of our audit.

CIRCUIT ENGINEERING DISTRICT #1
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2009

NOTE 1: ORGANIZATION:

The Circuit Engineering District #1 (hereinafter referred to as "The District") was organized on August 9, 1999 under the laws of the State of Oklahoma. The authority of The District is to comply with and carry out the provisions of Title 74, Chapter 31, Interlocal Cooperation Act, and Title 69, Section 687.1 Circuit Engineering Districts of Oklahoma Statutes. To advise and assist its members with how to implement and make an effective transportation plan for the best interest of each member of the Circuit Engineering District. To prepare such programs of research as may be necessary and advisable in carrying out its purposes. To contract for services with persons, firms or units of governments to carry out the purposes of the Circuit Engineering District. To provide periodic reports for the Circuit Engineering District or for its Members as may be required by Federal or State legislation or regulations pertaining thereto, and are within the scope and range of the purpose of the Circuit Engineering District. To acquire and hold property for its use and to incur expenses to carry out its functions. To receive gifts, contributions and donations to carry out the purposes for which it is formed. To assess its members for the services in carrying out its functions. To apply for, contract for, administer, receive and expend funds or grants from any participating member, the State of Oklahoma, the Federal Government, or any other source. To publish studies in connection with its work which may be of benefit to its members or other agencies within and outside of the Circuit Engineering District.

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES:

Cash and Cash Equivalents:

The District considers all highly liquid investments with original maturities of three months or less to be cash equivalents.

Basis Of Accounting:

The accompanying financial statements have been prepared on the modified accrual basis of accounting in accordance with generally accepted accounting principles.

Concentration Of Credit:

The District maintains its cash in bank deposit accounts which, at times during the month, may exceed the federally insured limits of \$250,000. The District has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on cash and cash equivalents.

NOTE 3: FAIR VALUE OF FINANCIAL INSTRUMENTS:

The following methods and assumptions were used to estimate the fair value of each class of financial instruments:

Cash and cash equivalents: Fair value approximates carrying value due to the initial maturities of the instruments being three months or less.

The estimated fair values of the District's financial instruments at June 30, 2009 are as follows:

	<u>Amount</u>	<u>Value</u>
Financial assets:		
Cash and cash equivalents	<u>\$ 214,117</u>	<u>\$ 214,117</u>

REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE
AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS

To the Board of Directors
Circuit Engineering District #1
Skiatook, Oklahoma

We have audited the financial statements of Circuit Engineering District #1 as of and for the year ended June 30, 2009, as listed in the table of contents, and have issued our report thereon dated February 18, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Circuit Engineering District #1's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Circuit Engineering District #1's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the company's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the company's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles, such that there is more than a remote likelihood that a misstatement of the company's financial statements that is more than inconsequential will not be prevented or detected by the company's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the company's internal control.

To the Board of Directors
Circuit Engineering District #1

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Circuit Engineering District #1's financial statements are free of material misstatements, we performed tests on its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which we could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under Government Auditing Standards.

This report is intended for the information of the District's Board of Directors and management. However, this report is a matter of public record, and its distribution is not limited.

To whom it may concern:

From: Bruce Martin ODOT Div #8

As of January 2010 ODOT Div# 8 will no longer receive mail at PO Box# 660, Tulsa Oklahoma 74101. We will now use the above address. It was more cost efficient for us to receive mail here at our building instead of having mail delivered to the old PO Box. Any mail that was sent to the old PO Box is still being received but is considerably later than mail sent directly to our address. We apologize for any inconvenience this may have caused.

Thank you for your help in this matter!

OFFICE OF

Ottawa County Commissioners

COURT HOUSE — MIAMI, OKLAHOMA
(918) 542-9408

I want to thank CED1 for the opportunity to go to Washington D.C. allowing me to represent our district. The Commissioners from across the state, as well as I, felt it was a very productive trip.

The meetings attended were the Highway Safety Subcommittee, where resolutions were presented, debated and voted on then sent on to the Transportation Steering Committee.

The Transportation Steering Committee then heard and voted on all resolutions. The main points being reauthorization of the Highway bill (STP) and urging Congress to act on long term options instead of short term extensions. Congress recognizes that the short term extensions cost the taxpayers millions more versus long term reauthorization.

We heard from Victor Mendez, Administrator of the Federal Highway Administration. Victor's main goal is to cut the time it takes to get these big projects designed and let by 50%, which was well received. One of the main points was working through the NEPA process which is dear to my heart.

Next was a presentation by Karen Rae, Deputy Administrator, of the Federal Railroad Administration. One of the things that stands out is that the railroad is asking Congress to give them tax credits when they install railroad crossings. Meanwhile, in some counties, they require cities, towns and counties to lease certain crossings. The message was to lobby congress to disallow the tax credits if the railroad continues to charge communities/counties for crossings.

Some workshops attended were:

➤ **Inmate Health Care Cost**

Costs continue to rise. Here is a number for the Sheriff's across the state of Oklahoma to call to save money 615-376-6101 ask for D.J. or djkreal@crs this is good stuff, cost effective insurance.

➤ **Budget Cliff Ahead**

Just some ideas to think about, long term strategies to deal with budget gaps are:

- Core Government Services
- Consolidations
- Shared Services
- Pensions
- Cuts in training/equipment/overtime
- Cut back on take home vehicles/cell phones
- Cut inefficient programs/furloughs/close during Christmas week.

OFFICE OF

Ottawa County Commissioners

COURT HOUSE — MIAMI, OKLAHOMA
(918) 542-9408

These are tough decisions and the burden falls on the elected officials, good luck!

Attending both General Sessions we heard from Kathleen Sebelius . This lady is a class act and is on the ball. Just one point, she feels we should keep administering H1N1 vaccines. Next was Nancy Pelosi Health Care Reform, enough already!!

We met our Congressional delegation at the capitol. We met with Congresswoman Mary Fallin, Senator Inhoff and with the staff of Boren, Sullivan, Lucas and Cole to express our concerns over

- Reauthorization of the STP bill
- Work Force Investment bill
- Relaxing the rules on BR funding to allow force account projects and
- RCD projects funding

Our elected officials seemed very receptive. I believe the trip was worthwhile to be able to sit down with our delegation and have that face time and express our concerns.

Thanks again for this experience and opportunity to serve our district.

Respectively,

Russell Earls
Ottawa County Commissioner
CED1 Circuit Engineering District #1

EXCERPT FROM CONTRACT

2) On-Call Engineering Services

- a. On-Call Engineering Services will be provided to all Counties within CED#1. These services will be provided at an hourly rate at the request of the CED#1 or Commissioner. The hourly rates shall be established as:

Senior Professional Engineer	\$ 137
Professional Engineer	\$ 115
Registered Land Surveyor.....	\$ 95
Survey Crew.....	\$ 140
Engineer-in-Training.....	\$ 70
CADD Technician	\$ 65
Administrative.....	\$ 65
Sub-Contract Services.....	AT COST

- b. The consultant shall track all workhours and expenditures necessary to complete the requested task. On-Call Engineering Services shall include but not be limited to:
- i. hydraulic calculations
 - ii. drainage analysis
 - iii. structural analysis
 - iv. funding and grant applications
 - v. field meetings
 - vi. FEMA and other cost estimates
 - vii. attendance at meetings (i.e. councils, landowner, public, or floodplain meetings)
 - viii. updating 5-year plans
 - ix. design services (less than force account requirements)
 - x. creating special interlocal agreements
 - xi. congressional requests for projects
 - xii. coordinate funding with outside agencies (BIA, FEMA, etc)
 - xiii. legislative interaction programs (state & national)
 - xiv. organize commissioner & county employee training events
 - xv. research and establish plan for CED construction inspection
 - xvi. and other engineering related services as required
- c. No individual On-Call Engineering Service shall exceed eight thousand dollars (\$8,000) without the approval of the CED#1. Cumulative On-Call Engineering Services shall not exceed fifty thousand (\$50,000) for the term of this contract (one year) unless otherwise authorized by the CED#1.
- d. When the cumulative limitation has been reached, the CED#1 may authorize additional funds for additional On-Call Engineering Services. If no additional funds are provided by the CED#1, each County may have the option of using the On-Call Engineering Services and the CED#1 shall be reimbursed by the County receiving the service.

CED#1 CALENDAR OF EVENTS

DATE	ITEM OF INTEREST
April 2, 2010	Good Friday
April 5, 2010	ODOT Commission Meeting
April 6 - 8, 2010	ACCO Conference
April 6, 2010	Final Plans due to James Pruett for July Letting
April 15, 2010	ODOT Bid Opening
April 28, 2010	ACCO Board, OCCEDB, & SIG/SIF Mtg
May 3, 2010	ODOT Commission Meeting
May 7, 2010	Final Plans due to James Pruett for August Letting
May 8 & 9, 2010	CED Auction in McAlester
May 13 & 14, 2010	ACCO Safety Meeting
May 20, 2010	ODOT Bid Opening
May 26, 2010	ACCO Board, OCCEDB, & SIG/SIF Mtg
May 28, 2010	Sine Die Adjournment (5 pm)
May 31, 2010	Memorial Day
May 31, 2010	BR Funds - ACCO District Control Ends
June 1, 2010	BR Funds - ODOT Control Begins
June 4, 2010	Final Plans due to James Pruett for September Letting
June 7 - 9, 2010	File Declarations of Candidacy for County Office
June 17, 2010	ODOT Bid Opening
June 23, 2010	ACCO Board, OCCEDB, & SIG/SIF Mtg
