AGREEMENT FOR WORK ON PRIVATE PROPERTY

This sheet was developed for your use to acquire permission to work on private property following a flood or storm event. If the private property has been damaged by County owned roadway materials and it is necessary for the damage to be repaired. At a meeting the Oklahoma Department of Transportation (O.D.O.T.) had with the Federal Highway Administration (F.H.W.A) in Oklahoma City on 08/15/2008, it was determined that damage caused by County roadway (major collectors) materials and/or debris to private property could be an acceptable repair cost. The cost of these types of repairs will be reimbursed by the F.H.W.A. as long as there is a record on file of the landowner's permission to enter his or her land for the purpose of repairing such damage as needed. Also, any materials that are removed should be capable of being reused, if at all possible. A copy of this agreement needs to be on file with the F.H.W.A., the County and O.D.O.T in the Detailed Damage Inspection (D.D.I.R.) report. This agreement is for private land damaged along Major collector routes only, by Major collector routes only.
