## **PROJECT SELECTION PROCESS**

# CED#1 Materials Request Grant Program

The CED#1 Materials Request Grant Application shall be completed and submitted to the CED for review.

Each request shall be limited to \$50,000; three projects from each county may be submitted.

**The projects must meet ODOT Force Account standards.**

The purpose of this program is to assist counties with the purchase of materials for force account projects. Requests will only be approved for project materials. Labor, equipment, rental equipment, etc., will not be eligible.

The CED will first consider the requests in accordance with the following County Classification Designation Order as prepared by CAB, with the “poorest” county ranked #1. Second they will consider the number of grants each county has received to date. Third consideration will be the immediate need of the project.

If a county submits more than one request, they need to prioritize each request (1+) for the CED.

The CED Program Manager will audit the project to ensure the funds were expended on materials only. The county will provide tickets, receipts, etc., to the program manager at the completion of the project.

The CED Program Manager will also audit the project when complete to ensure compliance with ODOT Force Account standards (i.e. 23 ton load rating and 24ft clear roadway). Bridge load ratings will be performed as part of the next scheduled bridge inspection by the county’s selected bridge inspector.

If a project is built that does not meet force account standards, the county must repay the Materials Request Grant unless granted an exception by the CED board. The county will not be eligible for another Materials Request Grant until they have paid back the funds.

Funds can be advanced if specifically requested.

2017 County Classification Designation Order				
	Amount	Mileage	\$/Mile	Rank
Craig	2,467,223.79	1,038.10	2,376.67	1
Nowata	1,819,212.11	675.15	2,694.53	2
Pawnee	2,309,271.08	836.36	2,761.10	3
