Emergency Transportation Revolving Fund (ETR)

Circuit Engineering District #1 adopts OCCEDB's policies for the ETR program with the addition of the following:

Once a County is awarded and issued an ETR loan, the County shall have 90 days to begin making monthly reimbursement payments. The minimum monthly payment shall be calculated as follows: the total loan amount divided by 60 months. The County may pay more than the minimum monthly payment.

ETR loan amount = monthly loan amount
60 months

For example, if the loan amount is \$200,000, then the minimum monthly payment would be
 $\$200,000 / 60 \text{ months} = \$3,333.33$

If a County does not make timely payments for more than 90 days, the County is no longer eligible for further funding from CED 1, including, but not limited to, additional ETR loans and Materials Request Grants.

This is approved this _____ day of _____, 2026.
